# What is it?

On a City Wine Tour, our friendly, charismatic wine ambassador will lead your group to some of the city's neighborhood hot spots, where you'll be welcomed to a reserved table with wait staff ready to serve our pre-selected wines and appetizers. Sample 6 different wines, while our wine ambassadors share lessons about the joy of wine.

**Stop One:** Meet your wine ambassador, enjoy sparkling and white wines, and learn to identify the characteristics of all wine: color, aroma, sweetness, body, acidity, tannins, flavors, and finish.

**Stop Two:** Typically less than a 10-minute walk from Stop One. Try some medium-bodied and full-bodied red wines. Learn how to navigate restaurant wine lists and what to ask a sommelier.

**You'll also learn:** What to do with leftover wine, how wine is priced at gourmet wine shops, and how to identify affordable but delicious wines. Test our experts! This is your chance to ask for wine advice, without any pretense. Relax, we're all friends here!
